

RAiNA's Duty of Care Notice regarding COVID-19

As we all continue to navigate these constantly shifting pandemic waters, we at Rainscreen Association in North America (RAiNA) are endeavoring to provide a safe and healthy environment for all participants and staff at the 2022 in Person Event and Annual General Meeting (AGM).

The responsibility for a safe and healthy event environment is shared among the event organizers, event venues, and event attendees. Towards this end, all convention attendees are expected to comply with all applicable requirements imposed by Federal, State, local health, and/or other governmental authorities.

Furthermore, all attendees and staff are expected to adhere to and abide by the safety precautions RAiNA and the venues will implement to help protect against the spread of COVID-19. These safety precautions include, but are not limited to:

- Social distancing, where applicable.
- The use of masks/face coverings, as appropriate.
- Personal hygiene and hand sanitization.
- And self-monitoring and self-reporting of symptoms associated with COVID-19 infections.

No attendance with COVID-19 symptoms. Regardless of vaccination status, you should *not* attend the event if you are experiencing Covid-19 symptoms, or within the 10 days before the start of RAiNA's in-person event & AGM, have experienced, signs and symptoms of COVID-19.

On-site precautions. Once on-site, RAiNA requests that all attendees regularly and thoroughly wash or sanitize their hands throughout the day, observe social distancing guidelines where applicable, and, for all unvaccinated attendees, wear facial coverings in meetings and event spaces. (In accordance with CDC Guidance).

To assist attendees in complying with the above, the following will be provided:

- Disposable masks will be provided at the registration desk for those who wish to wear them. RAiNA requests that all unvaccinated attendees wear a mask in meeting and event spaces. Should State or Local regulations or CDC guidelines be amended to require masks to be worn at all indoor events, whether vaccinated or not, compliance with the same will be required of all participants.
- Hand Sanitizer stations will be positioned.
