

## A Message from the Board of Directors

The RAiNA Board continues to be impressed by the involvement, dedication, and achievements of the association's members. Our first "in-person" Annual General Meeting (AGM) was a big success with over 95 current and prospective members in attendance. It was an excellent opportunity to showcase our committee accomplishments this past year, get more folks involved, solicit constructive feedback, and collaborate on the next steps with our work plans. Since the AGM, we have seen member participation continue to grow and we anticipate further engagement as we head into Q3 of 2022. Thank you to all of our members for their efforts this year. You are instrumental in the success and growth of the association.
