RAiNA CONFERENCE

About

Following the success of our inaugural event in New York City and dynamic gatherings in Chicago and Philadelphia, we're excited to bring the RAINA experience to Portland, Oregon! Our events attract 120+ industry professionals—including architects, engineers, and consultants—eager to deepen their knowledge of rainscreen systems.

Under this year's theme, Weathering the Future: Rainscreens, Retrofit and Resilience, the conference will explore forward-thinking strategies for building performance and durability. Set in the Pacific Northwest, it's a unique opportunity to connect, learn, and discover the latest innovations shaping the future of rainscreens.

Target Audience

The 2026 Conference aims to educate a diverse and influential audience on a proficient rainscreen and its parts, the precision and performance. This audience includes:

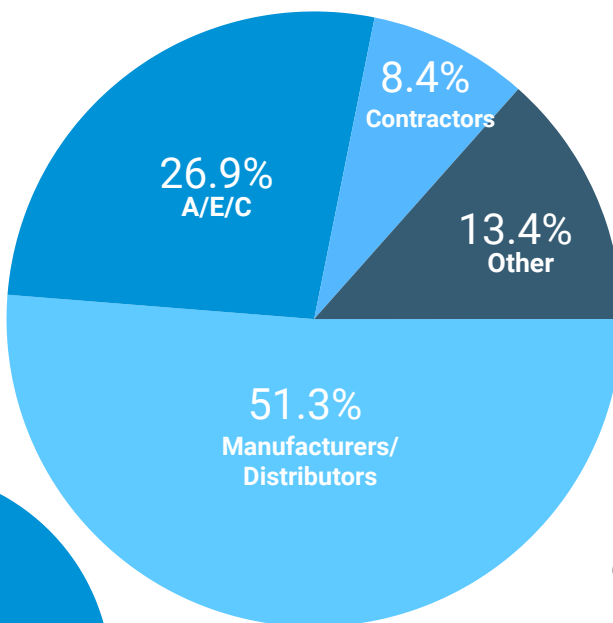

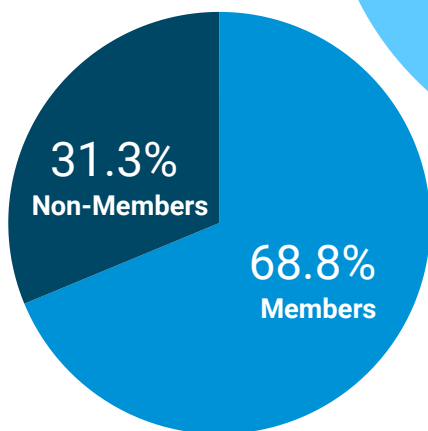

- Design Professionals
- Engineers
- Consultants
- Contractors
